Below are questions that you should answer in order to assist your selected teachers in writing your college recommendation letter. We strongly suggest that you always waive your right to read the letter when filling out your college application. When complete, hand-deliver to your teacher. Also check with your teacher to make sure there isn't any additional information they require of you. Your teacher will attempt to spotlight your achievements in the classroom. The reminders you can give to jog your teacher's memory will result in the best product, so please give thought to your answers and complete every question. Specifically, your teachers will be asked to comment on your verbal and writing skills, your ability to think on your feet, your academic performance in the course, your organizational skills, and your leadership skills.
