Our **Hydraulic** Repairs and Services Division is staffed by experienced Engineers and Technicians who provide efficient Services for troubleshooting and repairs. We cater to repairs on Hydraulic Winches and Windlass Systems of Pusnes, Kawasaki, Ulstein, Hatlapa and Norwinch. The team also undertakes repairs on Steering Gear Systems of Mitsubishi, Kawasaki and Hatlapa.

Over the years we have been able to gain expertise to troubleshoot and repair cranes of TTS, Norlift, McGregor, Hydralift, and Hagglunds. Our Engineers also attend to repairs on Cargo and Ballast Valve Hydraulic Systems like Nakakita, Danfoss and Amri.

Tile Marine has been authorized by GL, NKK, DNV, ABS, LR, RINA, ISB and BV to carry out Radio Surveys and issue Shore Based Maintenance contracts. We also have resources to supply Load Moment Indicator & Load Indicator for Cranes, Forklifts, CCTV, Anchor Winches and Jack-up Barge weighing systems either as Complete Explosion or Semi-Explosion proof Systems for Zone 1& 2.

With our partner we are to offer underwater Air & Mix Gas diving services to offshore construction and subsea services to the Oil & Gas Industry in the Middle East Subcontinent.

In short we would like to emphasize that we have the know-how and expertise to meet most of the demands of the Marine Industry, be it for deck, engine or the electronic field. We are staffed with Marine Professionals with years of sailing experience with reputed shipping companies. Our Sales Teams are led by professionals whose reputation in the market is well known and whose advice is well respected by the industry.

Moreover in keeping with the trends and requirements of modern day shipping industry we run a tight outfit and maintain low overheads hence ensuring that our rates are competitive in the market without sacrificing quality. Our endeavor is to provide excellent quality products and services at competitive prices, and hence, to be a one stop shop for the marine industry.

Finally, we are also certified by Dun & Bradstreet.

TILE MARINE LLC.
