RFI's No. (please list) _____

MANDATORY ALTERNATES/DEDUCTS: Trade Contractor agrees that prices quoted for Mandatory Alternates (to be quoted below) shall be acceptable as full compensation of credit for work thus described in the drawings, specifications, and Instruction to Bidders. Trade Contractor understands the Owner reserves the right to elect to utilize these prices at the discretion of the Project Manager and the Owner. It is understood that this Trade Contractor's performance and timeliness in the Work described as Lump Sum Base Bid will be considered in the decision to authorize this Trade Contractor to proceed with any Alternates. It is also agreed that the Owner may elect to add or delete any or all Alternates to or from a Trade Contractor's Work, at any time up to final completion, for the stipulated sums quoted. See section 00100: Specific Instructions to Bidders, Item 14, Mandatory Alternate for descriptions. Include a price for each Mandatory Alternate described in the Contract Description.

Primary Affected Bid Category No.	Alternate No.	Description	Add/Deduct	(Specify) Amount
	1	Add operable Partition		
	2	Addtl. In floor heat locations		
	3	HM Frames to Aluminum		
	4	Bookshelves & casework Presidents Ofc.		
	5	Brick B & C to cast stone		
	6	Brick B & C to alternate brick		
	7	Certified wood for all wood material		
	8	Solid surface sills to laminate		
	9	Add skylight & related construction		

FEES FOR AUTHORIZED CHANGES: For all changes in the work authorized by a Modification involving additions to or deductions from the contract sum, the undersigned agrees to perform or omit (or cause to be performed or omitted by his subcontractors) such work at net cost to him, plus the following percentages to be added to the net cost or credited to the Owner, which percentages shall include all charges for supervision, overhead and profit. The undersigned further agrees that he shall bind his subcontractors not to charge a higher fee authorized changes than he agrees to, as follows:

For extra work performed by Subcontractor's own forces: DIRECT COST PLUS 5%

ROCKFORD

CONSTRUCTION

ROCKFORD CONSTRUCTION COMPANY, INC.
5540 Glenwood Hills Pkwy, Grand Rapids, Michigan 49512
SUBCONTRACT AGREEMENT

Project Name: _____

Commitment Number: _____ Cost Code: _____ Category: _____

This Agreement made this _____ day of _____, by and between Rockford Construction Company, Inc., ("Rockford") and _____
Phone: Fax: (hereinafter called the "Subcontractor").

Rockford and the Subcontractor, for and in consideration of the mutual agreements contained herein, agree as follows:

- The Work:** The Subcontractor will provide all plans, labor, materials, and required supervision necessary to perform, and shall perform, the work generally described on Attachment "A", in a tradesmanlike manner and in accordance with the Project Documents as hereinafter defined (hereinafter called the "Work").

The Subcontractor has visited the job site and is aware of the existing conditions and has included in his proposal any incidental terms required but not necessarily shown on the plans to achieve a complete functional job when this contract has been completed.

The Subcontractor is also aware of Section 11 of this Subcontract and agrees to complete his own cleanup on this project.

The Subcontractor shall accomplish the Work for the total sum of _____ all applicable taxes included (the "Contract Sum"). A 10% retainage will be held on all payments made (see Paragraph 8) until sixty-one (61) days after substantial completion.
- Changes in the Work:** Rockford may issue written change orders ("Change Orders") directing changes in the Work. Subcontractor will make no changes in the Work without first obtaining a Change Order from Rockford. Rockford will have no obligation to pay for any additional or different labor, materials, equipment, or services provided by Subcontractor other than the Work without a Change Order.
- Project Documents:** The Project Documents consist of this Subcontract, any Change Orders, the Agreement dated _____ between _____ ("Owner") and Rockford (the "General Contractor") for the construction of the improvements therein described (the "Project"), all documents forming, or by reference, made a part of such General Contract including Change Orders issued to Rockford Construction Company, Inc., under the General Contract, and any documentation listed in Attachment "B" attached to this Subcontract. Subcontractor has examined the Project Documents constituting the Plans, the Specifications, the General and Special Conditions, and agrees that it is bound to Rockford by the terms and conditions of such Project Documents.
- Contract Sum:** Rockford will pay to the Subcontractor for the satisfactory performance of the Work under this Subcontract, the Contract Sum in the manner specified in this Subcontract. The Contract Sum includes all applicable taxes and may be changed only by a Change Order.
- Submittal Drawings:** Subcontractor will furnish 6 sets of submittals to Rockford within 10 days of the date on which Subcontractor executes this Subcontract. Submittals must include such information as required by the Project Documents and by Rockford. Approval of such submittals by Rockford or by the Owner or his representative will not relieve Subcontractor of his obligation to perform the Work in strict accordance with the Project Documents.

6. Performance of the Work: Subcontractor will obtain all required licenses, permits and inspections at its sole expense. Subcontractor will be solely responsible for making or verifying all field measurements necessary to the performance of the Work, the structural soundness of the Work and compatibility of the Work with the work of Rockford and of other subcontractors. The Subcontractor will comply with OSHA Part 1926 requirements and Rockford's safety standards. Subcontract shall comply with AIA Document General Conditions A201-1987 Edition. Subcontractor assumes full responsibility for any damage caused by its employees or subcontractors to the Work of other trades, accidentally or otherwise, and will reimburse Rockford for the full cost of repairing such damage. Subcontractor shall be solely responsible for planning, monitoring and policing any and all safety precautions connected with the Work, and failure to do so shall be deemed a breach of this Contract. Subcontractor shall inspect the work sites in which the Work is to be performed and shall immediately notify Rockford of any unsafe condition unconnected with the work and/or services to be provided by Subcontractor hereunder and unconnected with the means, methods, techniques, operative details and safety precautions related to the work of Subcontractor and Subcontractor shall be solely responsible for eliminating or guarding safety hazards created by the work of Subcontractor.
7. Cooperation and Completion Schedules: Subcontractor will cooperate with Rockford and with all other subcontractors of Rockford and with the Owner in the orderly and expeditious completion of the Work. The Subcontractor will cooperate with and coordinate its operations with all other trades having work in the same area of the Project. Before commencing the Work, Subcontractor will immediately report to Rockford in writing any defective work by others which would prevent proper completion of the Work, and will perform the Work in a manner so that the Project will be completed by the date or within the time required by the Project Documents. Rockford is under a penalty clause with the "owner" as described in the mutual specification book dated February 22, 2005. Subcontractor agrees that if it negatively affects the project schedule subcontractor will reimburse Rockford for a reasonable portion of any penalty paid by Rockford to owner. Rockford, may, from time to time, establish, change, revise, or alter a schedule (Attachment C - "Project Schedule") relating to matters affecting the sequence, timing, or the expected duration of the various portions of the Work to be performed on the Project. Subcontractor agrees to take all steps necessary to perform its Work in accordance with the Project Schedule, as amended, from time to time. Such steps include, without limitation, the timely ordering of the materials and the maintenance of both a sufficient number of skilled workmen and an adequate supply of the proper materials. If, in Rockford's opinion, Subcontractor is not complying with the Project Schedule, Rockford may require the Subcontractor to take such actions, including performing overtime work, as may be necessary to comply with the Project Schedule. Such actions shall be taken without increasing Contract Sum.
8. Method of Payment: Rockford will pay the Contract Sum to Subcontractor as follows:
 - a. Progress Payments. All Subcontractor invoices must be received on or before the 25th of each month in order to be eligible for payment in the following calendar month. All billings must be submitted on AIA Documents 702 and 703. Billings on any other form will not be accepted. If Subcontractor is not a corporation, its tax identification number must be provided to Rockford before any funds will be released.
 - b. Payment Approval. All payments under this Subcontract are subject to approval of Rockford, the Owner, and the architects and engineers.
 - c. Payment from Owner. Receipt of payment from the Owner for the Subcontractor's Work is a condition precedent to Rockford's obligation to make payment to the Subcontractor, regardless of the reason for Owner's non-payment, whether attributable to the fault of the Owner, Rockford, the Subcontractor, or to any other cause. All payments are to be made to the Subcontractor only out of such equivalent payments received by Rockford for work done by the Subcontractor (the receipt of such payments by Rockford being a condition precedent to payments to the Subcontractor). Payment as used in this clause shall include retainage, progress payments, payment for change orders and extra work, and final payment. The Subcontractor hereby acknowledges that it relies solely and exclusively on the credit of the Owner, not Rockford for payment for the Work.
 - d. Inclusive. Rockford will make progress payments and the final payment to Subcontractor within five (5) business days after Rockford receives its corresponding progress and final payment from Owner. Retainage will be paid by Rockford when Rockford's retainage is paid in full by the Owner, and when Subcontractor furnishes Rockford with such final waiver of liens as are satisfactory to Rockford all outstanding punch list items have been corrected, and there is no default on the performance of any warranty work for which Subcontractor is responsible.

Subcontractor expressly contemplates that payments to it are contingent upon Rockford receiving payment from the Owner.

- e. Payment not a Waiver. Payment under this Subcontract is not evidence of the performance of this Subcontract, either wholly or in part, and no payment, including final payments, is to be construed as an acceptance or waiver of defective or improper work materials.
9. Liens and Payment of Claims: Subcontractor will pay its subcontractors and material men and will not permit any mechanic's, materialman's, or other liens, claims, or orders for the payment of money to be filed or asserted against either the Project, Rockford or the Owner, or any sums due Rockford under the General Contract, by anyone furnishing labor, materials, equipment, or services to or through Subcontractor. If at any time, any such lien, claim, or order is filed or exists, Subcontractor will promptly, but in no event, later than three (3) business days after demand by Rockford cause such claims to be satisfied or released at Subcontractor's sole cost and expense. Rockford may require as a condition to making any payment to Subcontractor, that Subcontractor furnish a Sworn Statement listing all its subcontractors, suppliers, and materialmen, waivers of lien, and such other evidence satisfactory to Rockford that persons who may be entitled to assert such liens or claims have been paid. At any time, at its sole discretion, Rockford may make payments directly to any person who has furnished or is furnishing, labor, materials, equipment, or services to Subcontractor if Rockford has reason to believe Subcontractor is not paying, or will not pay, such person for such labor, material, equipment, or services, or if Rockford determines that such direct payment is necessary to comply with Rockford's obligations to the Owner.
10. Permits: Subcontractor will obtain all required licenses, permits, and inspections at its sole expense. All Work performed by Subcontractor prior to obtaining all necessary licenses, permits, and inspections will be at Subcontractor's risk.
11. Cleanup: Subcontractor is responsible for its own cleanup on a daily basis. In the event that the Subcontractor fails to perform such cleanup, Rockford may perform that cleanup, without notice to the Subcontractor. In the event that Rockford performs such cleanup, the Subcontractor shall be charged for such work at the rate of \$75 per hour.
12. Phones: Rockford may provide a phone at the job site for local business calls only. Any long distance calls made by the Subcontractor or any of its employees or agents shall be at the expense of the Subcontractor.
13. Warranty: All Work shall be warranted for a period of one year from final acceptance by the Owner. All warranties, guarantees, and as-builts must be turned into Rockford for release of final payment within 14 days of completion of the Work.
14. Insurance: The Subcontractor shall have updated Certificates of Insurance on file with Rockford before any Work is to be performed, including Worker's Compensation and General Liability, naming Rockford as an additional insured.
15. Default: Rockford has the right to default the Subcontractor if:
 - a. Subcontractor fails to perform or comply with its obligations under this Subcontract or any other contract with Rockford after 2 days written notice from Rockford that such failure or non-compliance exists; or
 - b. Subcontractor does not or for any reason is unable to perform its Work for a period of two (2) working days when work is available; or
 - c. Rockford reasonably believes that Subcontractor is not capable of satisfactorily completing the Work; or
 - d. Subcontractor becomes insolvent, is unable to meet current obligations, or seeks relief under the Bankruptcy Code or other similar law or procedure; or
 - e. A receiver is appointed for Subcontractor or its property; or
 - f. Subcontractor dies (if an individual) or is dissolved or otherwise ceases to exist; or
 - g. Subcontractor or any other subcontractor is unable to perform the Work, or such other subcontractor is unable to perform its work by reason of any labor dispute or strike, or other difficulty involving the employees of subcontractor, directed at or protesting the activities of subcontractor or its employees, or by any union purporting to represent subcontractor's employees or agents.
16. Remedies: If Subcontractor is in default, Rockford may do one or more of the following;
 - a. Terminate this contract;
 - b. Cure the default by performing or procuring the performance of all or any portion of Subcontractor's obligations in which event all costs, expenses and damages so incurred by Rockford shall be reimbursed to Rockford by the Subcontractor;

- c. Withhold payment of all or any portion of the Contract Sum until (1) the default is cured or the Work is completed and (2) all costs, expenses, and damages (including supervision and overhead) incurred by Rockford because of the default have been reimbursed to Rockford by the Subcontractor;
 - d. Exercise any other remedy available at law or in equity.
- Unless this Subcontract is terminated, Subcontractor will continue to perform all other portions of the Work not performed by Rockford under the terms of this Agreement. All costs, expenses, and damages incurred by Rockford due to a default by Subcontractor may be deducted from the Contract Sum. Within ten (10) days after demand by Rockford, Subcontractor will pay Rockford the amount, if any, by which the costs, expenses, and damages incurred by Rockford exceed the unpaid balance of the Contract Sum. Subcontractor will pay Rockford's reasonable attorney's fees and expenses in connection with any lawsuit or other proceeding between Rockford and Subcontractor respecting the enforcement of this Subcontract.

17. Indemnification. To the fullest extent permitted by law, the Subcontractor shall defend, protect, hold harmless, and indemnify Rockford its subsidiaries and affiliated companies and their respective officers, directors, shareholders, managers, members, employees and agents (hereafter collectively "Related Parties") from and against any and all liability, loss, claims, demands, suits, costs, fees and expenses (including actual fees and expenses of attorneys, expert witnesses, and other consultants), by whomsoever brought or alleged, and regardless of the legal theories upon which premised, including, but not limited to, those actually or allegedly arising out of bodily injury to, or sickness or death of, any person, or property damage or destruction (including loss of use), which may be imposed upon, incurred by or asserted against Rockford or its related parties allegedly or actually arising out of or resulting from the Work, including without limitation any breach of contract or negligent act or omission (i) of the Subcontractor, or (ii) of the Subcontractor's consultants, subcontractors or suppliers, or (iii) of the agents, employees or servants of the Subcontractor or its consultants, subcontractors or suppliers. The foregoing indemnity from the Subcontractor shall include claims alleging or involving joint or comparative negligence, but shall not extend to liability directly resulting only from the sole negligence of the Rockford or its related parties.
