

Proposal Template

for the Establishment of a Collaborative Research Centre

Preliminary Note

This template offers guidance in preparing a proposal for a Collaborative Research Centre.

Please refer to the annotated German version for detailed information on all chapters!

Text printed in grey is to be replaced by applicants, while text printed in black should also appear in the final version. Passages that apply only to Transregional Collaborative Research Centres (CRC/Transregio), but not to local Collaborative Research Centres are shaded in blue.

Proposals are to be submitted in DIN A4 format and may not exceed 400 pages.
