

University of Hong Kong Proof of Financial Support

In Sections 6 and 7 of the Hong Kong Student Visa Application, students must be able to prove that they have the financial resources to study and live in Hong Kong. Proof of financial support may include:

- (1) A current bank statement.
- (2) A letter from the bank.
- (3) Letter from your campus Financial Aid Office.
- (4) A current bank statement from a parent or guardian. *
- (5) A letter from the bank regarding a parent or guardian's account. *

* The use of a bank statement or letter from a parent/guardian's account also requires that the account holder completes the Parental Financial Support Letter (see next page).

Students may use a combination of bank accounts or financial aid, but supporting documents must be available for each financial source. Attach supporting financial documents to the visa application.

It may take some time for you to procure the necessary documents for this requirement, so plan accordingly.
